Even Cowgirls Get The Blues

performed by Waylon Jennings and Johnny Cash.

Verse 1 (Waylon Jennings):

```
                          A
She's a rounder i can tell you that
E                                 B
  She can sing 'em all night too
E                                 A
  She'll raise hell about the sleep she's lost
E             B                   E
  But even cowgirls get the blues
```

Verse 2:(Johnny Cash)

```
                                    A
Especially cowgirls they're the gypsy kind
E                                      B
  And need their reins laid on 'em loose
E                                       A
  She's lived to see the world turned upside down
E           B                   E
  Hitchin' rides out of the blue
```

Chorus:(Both)

```
  E                          A
Even cowgirls get the blues,sometimes
                                   E
Bound to don't know what to do,sometimes
                           A
Get this feeling like the restless winds
B                                 E
  The only way she's ever been
```

Verse 3:(Waylon Jennings then Johnny Cash)

```
                                A
Lonely nights are out there on the road
E                                 B
  Motel ceiling stares you down
E                                    A
  There must be safer ways to pay your dues
E             B                   E
  But even cowgirls get the blues
```

Chorus (x2).
