If You Could Touch Her

performed by Waylon Jennings.

Verse 1:

```
  C/G                                    F
Funny a woman can come home so wild and free
       G                                        C/G
And insist i don't watch her undress or watch her watch me
                                          F
And stand by the bed and shiver as if she were cold
       G                                      C/G
Just to lie down beside me and touch me as if i were gold
```

Chorus:

```
  C/G                                    F
One night of love don't make up for six nights alone
     G                                          C/G
But i'd rather have one than none Lord,'cause i'm flesh and bone
                                          F
Sometimes it seems that she ain't worth the trouble at all
          G                                              C/G
But she could be worth the world if somehow you can touch her at all
```

Verse 2 (a tone higher):

```
  D                                  G
Right or wrong a woman can own any man
       A                                      D
She can take him inside her and hold his soul in her hand
                                        G
And leave him as weary and weak as a newborn child
    A                                   D
Fighting to catch his first breath and open his eyes
```

Chorus bis:(a tone higher)

```
  D                                    G
One night of love don't make up for six nights alone
        A                                    D
But i'd rather have one than none,I'm flesh and bone
                                          G
Sometimes it seems that she ain't worth the trouble at all
         A                                              D
But she could be worth the world if somehow you can touch her at all
```
