Lay It Down

written by Gene Thomas
performed by Waylon Jennings.

Verse 1:
```
  C/G                    Em
Traveling down on different roads
  F              G             C/G
Trying hard to leave the load
                            Em
We take it there but we can't let go
  F       G            C/G
It's so hard to lay it down
```

Verse 2:
```
  C/G          Eb          F
Back in Eden we were tried
    Eb                    Bb
Found ourselves disatisfied
    F                    C/G
Seeking wisdom that she denied
   F       G            C/G
Trying hard to lay it down
```

Chorus:
```
  C/G             Em              F
Lay it down brother,lay it down
          G              C/G
It's so hard to lay it down
```

Verse 3:
```
  C/G          Em
Hide in me,confide in me
    F                  G          C/G
Don't you think it's time to be
                    Em
Everything we tried to be
  F                 G         C/G
You and me sould lay it down
```

Verse 4:
```
  C/G          Eb          F
Speak to me,be unashamed
```
