Robert Earl Keene

Intro: D A Bm A G D A G

D A
I guess we've come full circle
Bm A G
We're strangers once again
D A G
It's hard to know we'de ever come to this
D A Bm A G
It's funny you were sayin how you'll miss the good ole' times
D A G D
When all along I'm thinkin' you're the one I'll miss

A D
Love's a word I never throw around
A G D
So when I say I'll love you til' the end
G A Bm D G
I'm talkin about until the day they lay me in the ground
D A G
Love's a word I never throw around

(Intro)

I'd like to think you're leavin' cuz I treated you unkind
But maybe you just found somebody new
But I know the only reason you're leavin me behind
Is you're no longer feelin' the way I feel for you

(Chorus)

Well I'm goin to the country spend some time out in the woods
Countin stars and sleepin all alone
And I can't say for certain it'll do me any good
But its time I grew accustomed to being on my own

(Chorus)
