Need A Little Help

written by Billy Ray Cyrus and Don Von Tress

CAPO IV

INTRO: F C F C

C **C**
I been feelin' very weak, I been turnin' pretty pale
C **C**
First I'm fallin' to my knees, then I'm hangin' by my tail
F **C**
Asked the doctor for some medicine, he said there's nothin' we can do
F **C**
Preacher said it's gonna kill ya son, mama dropped the chicken soup

CHORUS:
F
I'm gonna need a little help, help, help
C
While I'm gettin' over you
G
I'm just a flicker of myself, self, self
C
Your hurt has cooled my fire into
F
If you could spare a little touch, touch, touch
C
I might survive a week or two
G
I'm gonna need a little help, help, help
N/C C
While I'm gettin' over you

INTRO

Ever since you made me leave, can't remember wrong from right
When I'm up I wanna sleep, when I'm asleep I wanna fight
Dialed the number for emergency, sheriff said to tough it out
I called my psychic friend on channel 3, and she confirmed without a doubt

CHORUS

SOLO

There's a ringin' in my hear, wolf is howlin' in the yard
But the only thing I hear, is the poundin' of my heart

Saw my picture in the evenin' news, had a caption by my head
They polled the people for their public view, and nearly everybody said

CHORUS (2x)

F
I'm gonna need a little help, help, help
C
While I'm gettin' over you
F **C**
I'm gonna need a little help, help, help
F **C**
I'm gonna need a little help, help, help...
