# No One Can Love You Dear

Lonesome River Band
Capo 3

No one can love you, dear, the way I do

**G C G**
I can't help but wonder if it could ever be
**G C G**
You'd put your little hand in mine and give your heart to me
**G C G**
I promise I'll be true to you and swear you'll never find
**G C G**
No better man could love you, no better heart than mine

**G**
You know that I have always loved you
**D GG7**
I hope someday you'll love me too
**C G**
Don't trust your heart to another
**G D G**
No one can love you, dear, the way I do

**G C G**
Another's lips may kiss you, and promise to be true
**G C G**
He may bring you diamonds and pretty flowers too
**G C G**
When those flowers wilt and fade, diamonds fail to shine
**G C G**
You'll realize his love could never be as true as mine
