Old Train

As played by Tony Rice

*Capo 3rd Fret

```
      D  C        G                  A
Old train, I can hear your whistle blow
          G          A          D
and I won't, be jumping on again.
      D  C              G            A
Old train, I've been everywhere ya go
          G          A                  D
and I know, what lies beyond each bend.
```

CHORUS

```
   G              A                      G    A       D
Old train each time you pass, you're older than the last
          A     E              A
And it seems, I'm to old for running.
  G            A              G       A         D
I hear your rusty wheels scrape against the rail
                         A                      G
they cry with every mile, and I think I'll stay awhile.
```

Old train, I grow weary after miles
and I miss, the freedom that was mine.
Old train, just to think about those times
I'll smile, when your high balling by.
