(verse 1)

```
                G                G7
Oh well, I'm tired and so weary
          C          G
But I must go alone
                                A                D           D7
Till the lord comes and calls, calls me away, oh yes
                G                G7
Well the morning's so bright
             C          G
And the lamp is alight
                                A    D         G   C    G
And the night, night is as black as the sea, oh yes
```

(chorus)

```
                      C                          G
There will be peace in the valley for me, some day
                                   A        D                  D7
There will be peace in the valley for me, oh Lord I pray
                       C                G7
There'll be no sadness, no sorrow
                    C        A
No trouble, trouble I see
                      G              A      D  G     C  G
There will be peace in the valley for me, for me
```

(verse 2)

Well the bear will be gentle
And the wolves will be tame
And the lion shall lay down by the lamb, oh yes
And the beasts from the wild
Shall be lit by a child
And I'll be changed, changed from this creature that I am, oh yes

(chorus)

```
                      C                          G
There will be peace in the valley for me, some day
                                   A        D                  D7
There will be peace in the valley for me, oh Lord I pray
                       C                G7
There'll be no sadness, no sorrow
                    C        A
No trouble, trouble I see
                      G              A      D  G     C  G
There will be peace in the valley for me, for me
```
