People Up In Texas

written and performed by Waylon Jennings.

Capo on the 1st fret.

Verse 1:

```
/                                                          C/G
  To the people up in Texas,it's the nearest thing to Heaven here on earth
      D                                                      G
The lifestyle out in Texas is just go on out and live for all it's worth
                                                                C/G
Where the men are all men and the ladies there are born with ways to please
          G                                  D                  G
And the people up in Texas think that the rest of all the world is over seas
```

Verse 2:

```
          C/G/                              G/
You don't need no one to tell you when you cross that Texas line
     G/                                  G/
The air starts smelling sweeter and the water tastes like wine
     C/G/                           G/
The sun is always shining so it's seldom ever cold
  G/              D/              G/
People just grow up there,never old
```

Verse 2.

Verse 1 bis:

```
G                                                          C/G
  To the people up in Texas,it's the nearest thing to Heaven here on earth
      D                                                      G
The lifestyle out in Texas is just go on out and live for all it's worth
                                                                C/G
Where the men are all men and the ladies there are born with ways to please
          G                                  D                  G
And the people up in Texas think that the rest of all the world is over seas
                                          D                   G
Yeah,the people up in Texas think the rest of all the world is over seas
```
