Putting It Back Togethe

Tammy Wynette and George Jones
(Danny Walls, Sammy Lyons)

Our world was falling part
We were breaking each other's heart
Doing things we knew were gonna hurt

We watched a good thing go bad
Destroyed the love we had
And I almost forgot the way love was at first

Chorus;
We're puttin' it back together
It's gonna be even better
Than the love we had in the past

We're gonna start with solid love
Real things we're sure of
And a little old-fashioned feeling to make it last

I'm sorry, if I cheated
I know you've been mistreated
I guess now, it was all in my mind

I know that I was wrong
I almost wrecked our happy home
But it's gonna be different this time

We're puttin' it back together
It's gonna be even better
Than the love we had in the past

We're gonna start with solid love
Real things we're sure of
And a little old-fashioned feeling, to make it last

And we're puttin' it back together, to make it last
