Right For The Time

Verse 1:
A
Almost out of adolescence
D A
And into a world we didn't know

Not necessary love
D A E
But in trouble with a fire down below
A
Looking back for a feelin'
D A
It's just something far away and long ago
D A E
I can still recall the name
A
But she's really someone i don't even know

Chorus:
A D
But she was right for the time
A D A E
She was right for the time
A
But time has a way of moving on

Verse 2:
A
I do recall a gypsy lady
D A
And a younger man in over his head

I was her believer
D A E
Taken in by every loving word she said
A
It was there for the first time
D A
The sweet and the bitter taste of love
D A E
When you're young and alive
A
Too much never seems to be enough

Verse 3: (a tone higher)

B
It seems the young and the innocent
E **B**
Are drawn like a moth to a flame

To the wild and the reckless
E **B** **F#**
Believing they are one in the same
B
She never found a way
E **B**
To separate the good from the bad
E **B** **F#**
And she never understood
B
That love was all we ever really had

Verse bis:
B **E**
She was right for the time
B
But time has a way of moving on
F#
With her eyes on tomorrow
B
One day she turned around and i was gone
E
I'd have to say in a way
B
She just might be better off alone
E **B** **F#**
She was right for the time
B
But time has a way of moving on
