Shine

written & performed by Waylon Jennings

E///2///E7///A///2///

My friends never understood my rough & rowdy ways
A7
They think I'm the only fool my daddy ever raised
D
& I don't shine
A
Shine shine shine, see me shine
E
With a little luck & a greenback dollar
E7 **A**
You're gonna see me shine

Verse 2:
Here's 2 for 1, so do believe, I'd best believe somehow
I'd give $100, Lord, if they could see me now
See me shine
Shine shine shine, see me shine
With a little luck & a greenback dollar
That's gonna make me shine

Verse 2:
I don't need fancy ladies wastin' all my time
GIve me tender lovin' care & the one that's mine
Makes me shine
Shine shine shine, makes me shine
With a little luck & a greenback dollar
You're gonna see me shine

Verse 3:
I like livin' easy, I like bein' free
Livin' free & easy brings out the best in me
Makes me shine
Shine shine shine, makes me shine
With a little luck & a greenback dollar
You're gonna see me shine
