This Time

G C G
This time if you want to come back, it's up to you.
G C
But remember I won't allow the things you used to do;
C D G
You're gonna have to tow the mark and walk the line
F C G
This time will be the last time

This time if should feel unwanted I won't stay
Each tomorrow will depend on the love you give today;
Its all up to you to keep in mind

This time will be the last time
