Too Close To Call

Verse 1:
E
I have battled with the demons for my soul
A
Like a soldier unafraid,stood straight and tall
E
With strong convictions fought for what i thought was right and wrong
D A E
But i wonder when it stands in judgement hall
D A E
Will it go down as one too close to call

Verse 2:
E
I have faced that cunning ennemy called time
A
For awhile i held him cold and to a draw
E
As he rode away he said another place and day
D A E
'Cause you can't erase the writing on the wall
D A E
Although this one was just too close to call

Verse 3:
E
As i wrestled with my deepest fear in life
A
I was captured by the shadows on the wall
E
I was brave but just the same,i was glad when morning came
D A E
Because now and then the footsteps in the hall
D A E
Remind me it was just too close to call

Verse 4:
E
I have watched my mind dance too close to the edge
A
As i stood among the crowd to see it fall
E
Sometimes now i cling to what i hope is sanity
D A E
