# Under The Hood

Billy Ray Cyrus

**DDDD**
Intro:

**D**
Well my first love was a little Corvette
All done up in lipstick red
**A** **D**
I thought it'd last forever 'til the motor blew
Well I guess I didn't look close enough
It's a little bit just like falling in love
**A** **D**
Looks don't mean a thing, if the heart ain't true

**D7** **G**
It might be a cool ride, smooth lines,
**D**
Something been custom made out in Hollywood
**G**
But when you get done gazing at the outside
You better start checking out the inside
**A**
If you want a love built to last, you better look real good
**D**
And see what's under the hood

**DDDD**

**D**
Sporty little model standing by the door
So I took her for a spin on the old dance floor
**A** **D**
Headlights shining bright but nobody home
Now I need something that's more my speed
Got a whole lotta time to find what I need
**A** **D**
So I put her in park and headed on off for home

**D7** **G**
It might be a cool ride, smooth lines,
**D**
Something been custom made out in Hollywood
**G**
But when you get done gazing at the outside
You better start checking out the inside

                                                    **A**
If you want a love built to last, you better look real  good
                                **D**
And see what's under the  hood

**DDDDAADDDDAAD**

**D7**  **G**
It  might be a  cool ride, smooth lines,
                                                **D**
Something been custom made out in Hollywood
                **G**
But when you  get done gazing at the outside
You better start checking out the inside
                                                    **A**
If you want a love built to last, you better look real  good
                                **D**
And see what's under the  hood

                        **A**
You better look real  good
                                **D**
And see what's under the  hood

spoken: "Check the oil, too - while you're at it..
