Wild Side Of Life Honky Tonk Angels

INTRO: A B7 E

(Waylon)

```
      E                              A
You wouldn't read my letter if I wrote you
      B7                                 E
You asked me not to call you on the phone
                                         A
But there's something I'm wanting to tell you
      B7                             E
So I wrote it in the words of this song
```

CHORUS:

```
         E                                 A
I didn't know God made honky tonk angels
  B7                                        E
I might have known you'd never make a wife
                                         A
You gave up the only one who ever loved you
            B7                          E
And went back to the wild side of life
```

INTRO

(PAUSE)

(Jessi)

```
      D                                G
As I sit here tonight, the jukebox playin'
       A7                              D
Your song about the wild side of life
                                      G
As I listen to the words you are sayin'
           A7                                  D
It brings memories of when I was a trusting wife
```

CHORUS:

```
           D                                G
It wasn't God who made honky tonk angels
           A7                           D
As you say in the words of your song
                                          G
```

Too many times married men think they're single
A7 **D**
And it's caused many a good girl to go wrong

CHORUS (Jessi and Waylon):
D **G**
It wasn't God who made honky tonk angels
A7 **D**
I might have known you'd never make a wife
