# Friend of the Fetus

Friend of the Fetus
(Carol Rose Livingstone)

1. I am no friend of the fathers and mothers
I am no friend of the sisters and brothers
I am no friend to the weak and distressed
I am no friend to the poor and oppressed.

Chorus
But I am a friend of the fetus,
A friend of incomparable worth
I am a friend of the fetus,
Right up to the moment of birth.

2. Once it's a baby I will not go near it,
I will not feed it and I will not rear it.
When it is crying I won't even hear it
For I have no room in my heart for a human.

3. I will not weep for it, I won't lose sleep for it,
I will not care for it, I won't be there for it,
I'll walk away from it, I won't go grey for it
I will not pray for it and I won't pay for it.
