They'll Never Take Her Love From Me

They'll Never Take Her Love From Me

```
      D                        G
If today the sun should set on all my hopes and cares
        A                            D
There is one whose smiling face the gods would see
             D                    G
'Cause she'll walk along beside me up the golden stairs
           A7                     D
Oh they'll never, never take her love from me.
```

What a fool I was to go and break the trust she gave
And see her love turn into sympathy
It's the one regret I'll carry with me to my grave
Oh they'll never, never take her love from me.

I'm so thankful for each golden hour of happiness
That we shared together in the used-to-be
Someone else's arms may hold her now in sweet caress
But they'll never, never take her love from me.

I thought I'd make her happy if I'd step aside
But I knew her love would never set me free
And even on the morning she became another's bride
I said they'll never, never take her love from me.
