You

Dsus D DsusD
In every country
Dsus D DsusD
in every nation
G/B Dsus D DsusD
From many tribes in all of creation
Bm7 D
Someone is kneeling, someone is dancing
G/B
Someone is worshiping You

From ocean to ocean, from mountain to mountain
In the dance of the children, in the voice of a thousand
Someone is bowing, someone is shouting
Someone is worshipping You

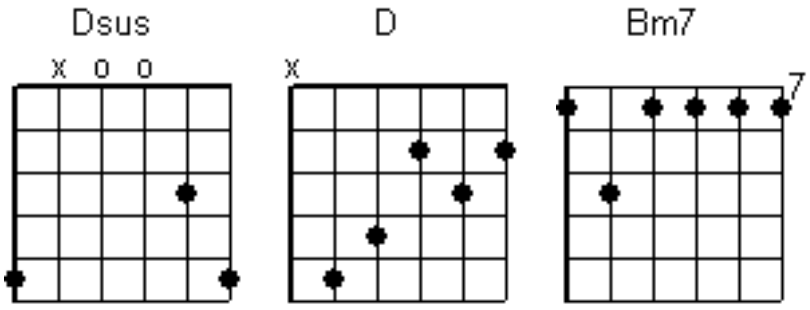

D Bm7 G/B
It's You and You alone in many tongue confessions
D Bm7 G/B DsusD
It's You and You alone, always and forever... You

From the heart of the orphan, raised hands of the lame
In the cry of the outcast, on the lips of the shamed
Someone is weeping, someone is blessing
Someone is worshipping You

Chorus

D
Lord, we will bow down and lay our crowns down
Lord, we will worship You
Dancing and singing, choruses ringing
Lord, we will worship You
With joy and laughter forever after
Lord, we will worship You
In love and freedom, we come as one
Lord, we will worship You
