I Wish I Had A Lifeline
Old Gospel Song

Chorus:
I wish I had a lifeline I could pull you from the water,
I don't want to lose you to the rising tide.
Even though the Master calls, your soul it must answer,
And I'm gonna be so lonesome on that other side.

Vs. 1.
Yes, I know that there's a heaven, and I know that it's for real.
But being here on earth alone makes heaven hard to feel.
And though my heart keeps telling me I'm in another plan,
God, forgive me, I don't understand.

CHORUS:
VS. 2
For it's written in the Bible, be still and understand,
For in this life we only see one piece of God's command.
Faith is the only light we have to guide our way,
And I hope that we're together on that great judgment day.

CHORUS:
Then tag:
Even though the Master calls, your soul it must answer,
And I'm gonna be so lonesome on that other side.
