The sky  fell down when  I   met  you;

 E7  G#7 Fdim(III) Gdim   A6         A    A7   Gdim D6
The green   of      the countryside had turned to blue.

  Dm6      A7       Cdim    Gdim       F#7
I had the moon right on my fingertips,

Cdim      D9             D6            Dm6           E7
And when first we kissed   there were stars on your lips.

A  D9 Bm7-5  A   G#7 Fdim Bm7-5  A
To be  with you just made   it  seem

E7   G#7 Fdim(III)    A6           A  A7 Gdim  D6
That walk - ing   on snowy clouds was not  a  dream;

Dm6  A  AM7 A7     Cdim Fdim Gdim    F#7
You gave to me all this and  heaven, too,

Cdim     D         D6  Dm6 E7/6     A
When the sky fell down and   I  met you.
