```
  C
Bottle of wine, fruit of the vine,
                                - G      C
when you gonna let me get         sober ?

Let me alone, let me go home,
                              - G    C
let me go back and start        over !

                C           G          F          C
1. Well, I've rambled around this dirty old town
                G             C
    singing for nickels and dimes,
                   G         F           C
    times getting' rough, I can't get enough
                        G           C
    to buy me a little bottle of wine.

2. Well, little hotel, older than hell,
                 G             C
    cold as the dark in the mine,
            G     F        C
    light so dim, I had to grin,
                 G           C
    I got a little bottle of wine.

3. Well,    the preacher will preach and the teacher will teach,
                     C          F
    the miner will dig in the mine,
               C     Bb          F
    I ride the rods, trusting in God,
                  C           F
    huggin' my bottle of wine.
