Girl I Left Behind Me (Parody)

Girl I Left Behind Me (Parody)

She was standing there in the moonlight's glare
With nothing on but her nightie.
And the soft moon lit the nipples of her tits
By Jesus Christ Almighty.
I f***ed her once, I f***ed her twice
I f***ed her once behind her.
I rammed my pole right up her hole
And broke her organ grinder.

or:

She jumped in bed and covered up her head
And said I could not find her,
But the nipples of her tit
Showed as plain as s***,
So I jumped right in beside her.
