Silent Mac

Silent Mac

Ghastly night, Silent Mac
System bombed, screen went black.
    Books suggested things; I tried 'em all:
    Shift key, desktop file, clean reinstall.
Now my deadline is tight,
This Mac's been silent all night.

Violent night, horrible night!
Lost my cool, filled with spite,
    Threw my Mac through the balcony door
    Watched it fall from the 20th floor,
Now I'm sleeping in peace;
Thank God I had it on lease.
