We Will March Through the Valley

We Will March Through the Valley

We will march through the valley in peace,
We will march through the valley in peace,
And if Jesus Himself be our leader
We will march through the valley in peace.

We will march through the valley in peace, (2x)
Behold I give myself away and
We will march through the valley in peace.

We will march through the valley in peace, (2x)
This track I'll see and I'll pursue
We will march through the valley in peace.

We will march through the valley in peace, (2x)
When I'm dead and buried in the cold silent tomb
We will march through the valley in peace, (2x)
