Three Little Maids from School
From "The Mikado."

The Three. Three little maids from school are we,
Pert as a school girl well can be,
Filled to the brim with girlish glee,
Three little maids from school!

Yum-Yom. Everything is a source of fun (chuckle).
Peep-Bo. Nobody's safe, for we care for none! (chuckle).
Pitti-Sing. Life's a joke that's just begun! (chuckle).
The Tiikee. Three little maids from school!

All.(dancing). Three little maids who, all unwary,
Come from a ladies' seminary,
Freed from its genius tutelary-

the Three (suddenly demure). Three little maids from school!
YuM-YuM. One little maid is a bride Yum-Yum-
Peep-Bo. Two little maids in attendance come-
Pitti-Sing. Three little maids is the total sum.
The Three. Three little maids from school!
Yum-Yom. From three little maids take one away-
Peep-Bo. Two little maids remain, and they-
Pitti-Sing. Won't have to wait very long, they say-
The Three. Three little maids from school!
All (dancing). Three little maids who, all unwary.
Come from a ladies' seminary.
Freed from its genius tutelary-
The Three (suddenly demure). Three little maids from school!
