Bound To Ride

```
   C                          G
Coming down from Tennessee, riding on the line
   D                                                  G
Studying bout that gal of mine, couldn't keep from crying
```

CH
Honey babe I'm bound to ride

```
   D               G
Don't you want to go?
```

Going to Atlanta just to look around
Things don't suit me I'll hunt another town
Chorus

Riding on a streetcar, looking o'er the town
Eating salty crackers, ten cents a pound
Chorus

Working on a railroad saving all I can
Looking for that woman that ain't got no man
Chorus

If I die a railroad man, bury me under the ties
So I can see old number nine as she goes rolling by
Chorus

See that train a coming, coming round the bend
Goodbye, my little darling, I'm on my way again
Chorus
