Bring 'Em Home

Barbara Dane and active duty Gl's adapted from
Pete Seeger's If You Love Your Uncle Sam

```
        C
Seventy thousand* dead and gone,
          Am
Bring 'em home, bring 'em home,
      F             C
Uncle Sam is in the wrong,
F         C     G7
Bring 'em home, bring 'em home.
```

Wash the blood off of our hands,
Bring 'em home, bring 'em home,
Stop the war in Vietnam!
Bring 'em home, bring 'em home.

We wanna end this war right now,
Don't take a genius to figure out how.

Let 'em fly or let 'em float,
Pack 'em all up in a big-ass boat.

GIs fight and GIs die,
Some people get rich while Nixon lies.

They said it was a freedom fight,
Don't you know that's about half-past right.

I'm gonna let Vietnam alone,
Fight for my own rights here at home.

In Chicago and Vietnam,
They want to get us to be "the man."

Buddy, I got news for you,
I got better things to do.

We've been marching a long, long time,
But now we're marching with our minds.

If they tell us that's not the way,
We'll give 'em one big FTA! * *
* Total U.S. casualties in Southeast Asia
** "Free" (or some other word) The Army!
