Sound Of Silence - Simon And Garfunkel

Sound of silence-Simon and Garfunkel

```
Am                    G
Hello darkness, my old friend,
                         Am
I've come to talk with you again,
                     F       C
Because a vision softly creeping,
                      F       C
Left it's seeds while I was sleeping,
       F                              C
And the vision that was planted in my brain
       Am
Still remains
          G        Am
Within the sound of silence.

                              G
In restless dreams I walked alone
                        Am
Narrow streets of cobblestone,
                    F        C
'neath the halo of a street lamp,
                         F        C
I turned my collar to the cold and damp
       F                                          C
When my eyes were stabbed by the flash of a neon light
               Am
That split the night
                G        Am
And touched the sound of silence.

                          G
And in the naked light I saw
                            Am
Ten thousand people, maybe more.
                   F       C
People talking without speaking,
                   F        C
People hearing without listening,
              F                          C
People writing songs that voices never share
          Am
And no one dare
            G        Am
Disturb the sound of silence.

                          G
Fools said i, you do not know
                       Am
Silence like a cancer grows.
                     F           C
Hear my words that I might teach you,
                      F          C
Take my arms that I might reach you.
       F                            C
But my words like silent raindrops fell,

And echoed
       G        Am
In the wells of silence

                          G
And the people bowed and prayed
                     Am
To the neon God they made.
                          F       C
And the sign flashed out it's warning,
                       F     C
In the words that it was forming.
                         F
